Convoyer's Report: We arrived at Portsmouth Docks at 2am on Friday **and** ensured the drinkers had water in them for all birds before turning in for the night. Rose at 5.30am and before boarding the ferry again ensured that drinkers were half-full for the crossing. On arrival in Caen we again ensured birds had water before them before continuing to Messac where we arrived at about 6.30pm. The birds were fed and watered after settling and we turned in for the night at 11pm. Rose at 5.30am. It was misty/foggy and not suitable for liberation. Consulted with the race advisor and it was agreed that as soon as the mist/fog cleared we should liberate as the route home through France, the channel was fine. Rain in the UK was expected to clear the Combine area except perhaps for the most northerly clubs before the birds were due to arrive home. There was no wind at the race-point. The misty conditions cleared quickly before 9am and we cut the strings, liberating the birds at 9.15am into sunshine and clear visibility. They cleared immediately with no stragglers which was remarked on by other convoyers on the site. The journey back to Caen was in lovely weather with little wind. I hope you all had a good race.

Martin Pike Chief Convoyer
