Convoyer's Report: Arrived on site at 1.15am – watered the birds before turning in. Rose at 5.30am and opened shutters on the Volvo and curtains on the MAN. We topped up the drinkers. I had earlier been advised by the race advisor that due to weather conditions later in the day we would be aiming for an early liberation if the weather was fine. From early morning it was a beautiful day with blue sky and a few clouds. Visibility was clear. After speaking with the race advisor we liberated the birds at 6.30am with no wind on site. They split into two batches and both cleared straightaway.
