**Convoyer's Report:** Arrived on site at about 2am. Rose at 6.30am and watered the birds. Weather was fine and sunny with no wind. We had already liaised with the race advisor and it had been agreed that a later liberation would take place in order for other organisations to clear our route. After a further consultation it was agreed that we should go at 10am. This we did. The liberation was perfect with all birds clearing the site immediately and heading towards the west.
