Convoyer's Report: Saturday 28TH July. Left Radstock just after midnight and arrived at Bedhampton at 1.45am. Watered the birds and lifted the shutters a couple of inches for ventilation. Got up at 5.50am and topped up water and waited the rain to stop. I started to cut strings ready for an early liberation. Liberated at 7am into a blue sky with fluffy white clouds and the sun making an appearance. Wind was a very light SSE gusts approx. 5-10 miles per hour. The birds split into two equal batches with a third group of roughly 50 birds. They circled for 2-3 minutes before clearing in the direction of home.
