Convoyer's Report: Arrived on site at 12.50am, watered the birds and bedded down for the night. Got up at 6am opened the sides of the transporters and watered the birds. We waited for the weather to clear before liberation. We liberated at 11.15am into a blue sky with approx. 70% fluffy white cloud cover with the sun shining through. The birds were very eager to leave the trucks, disappearing over the horizon without circling or hesitation.
