**Convoyer's Report:** Arrived at Yelverton liberation site at 1.30am and bed down for the night. Got up at 6.30am and watered the birds, cut the strings and waited for the race controller to call with a possible liberation time. We decided to wait until after 9am for the weather to clear and the temperature to rise a bit before liberating. We eventually liberated at 9.30am into a sunny sky and a light north easterly wind with the odd strong gusts. The birds left the transporter nice and quick, circled once then cleared in one big group in a homeward direction.
